LOCAL NOTES.

No. 8 Cookstoves \$15 at BARROWS.

The stimulation of one home industry by the war is instanced in the shipment of 700 crates of Florida pineapples to New York to supply a market heretofore drawing on Cuba.

An exchange says that in a neighboring town a girl waved her hand at a stranger, and in three days they were married. Three days later the young wife waved a flat iron at her hubby, and the next night he came home waving a divorce. What are the wild waves saying?

Mr. P. Ketchan, of Pike City, Cal., says: During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief. Many others have testified to the prompt relief from pain which this liniment affords. For sale by Tombstone Drug Store.

No-To-Bac for Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. See ad. All druggists.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

IMPORTANT CAPTURE.

Probable Capture of a Human Wretch.

There is a possibility that the culprit who on the 25th of July last year robbed and attempted to murder Mrs. Arthur Wasson and two children at Hereford is in the toils of a Mexican suiting the description of the wretch has been arrested at Bisbee and is being held their awaiting identification.

The PROSPECTOR readers are familiar with the indignities visited upon the defenseless family who were attacked while the husband was at Bisbee. A reward was offered for the profligate Mexican and feeling ran high. Several determined posses of cattlemen and cowboys were out after him and had been caught his career would have been cut short; however he managed to elude capture until now the report comes that the authorities feel sure they have the man. Mrs. Wasson has been sent for to identify the prisoner and if he proves to be the criminal the maximum penalty of the law should be meted out to him. The developments of the capture will be anxiously awaited.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters, and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering with this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by Tombstone Drug Store.

Hale McCormick paid Bisbee a flying visit returning home last night.

The new San Antonio Texas beer introduced in Tombstone seems to be a favorite brand.

The passenger traffic on the Sonora and N. M. & A. railroads was never heavier than at this time of year.

M. D. Scribner leaves tonight for his home in Washington Louisiana being called there on account of the illness of his aged mother.

To Cure Constipation Forever. Take Chamberlain's Candy Cathartic, 10c or 25c. If C. C. C. fail to cure, druggists refund money.

The county basins are getting full of prisoners again. It appears to be a desirable summer resort judging from numerous recent arrivals.

A Colorado contemporary very soulfully remarks that "there are a great many cactus blossoms out here who borrow their neighbor's paper. We missed an issue two weeks ago and about 700 people have kicked about it though we have only 160 subscribers on our books."

It is understood that Carlovatto and Payla have secured a lease on the Telephone mine and are to begin work at once. The Telephone is a good property and has been a good producer.

Two Chinaman were incoming passengers today. One of them a Tombstone laundry monopolist has been on a visit to his native home and comes back again to replenish his purse.

The Oasis thus records the operations of a robber, who looted a store in Nogales: "After he had succeeded in transferring 700 lbs. of flour, 400 pounds of beans, several cans of lard, tobacco, bottle and can goods, cheese, crackers, soap and, in fact, most everything in sight, the barking of the numerous canines that congregate in the vicinity in the early hours of the morning, undoubtedly jarred upon his nerves and he departed."

A cruiser that makes twenty-one knots travels 24.15 geographical miles per hour. The fastest speed yet obtained by any boat is said to have been attained by the yacht Ellide, which is known to have a record of one geographical mile in one minute, thirty-six and one half seconds, or 38.2 miles an hour. In fact, a recent article in one of the engineering journals states that a record of forty miles an hour has been made by this boat.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

MINERAL PRODUCTION.

Interesting Figures of the Wealth of the U. S.

The New York Engineering and Mining Journal publishes figures showing that the value of the mineral and metal output of the United States for 1897 exceeded in value that of all continental Europe, and was more than twice that of the United Kingdom. The most important item in quantity, value, and number of persons employed was coal, the total output being 200,257,243 tons. Iron came second in importance with a production of 9,652,680 tons of pig iron. Gold was the third product in value, the yield being \$59,210,795, as against \$52,888,209 in the previous year. The fourth in rank of values was copper, which amounted to 510,190,719 pounds, the greatest quantity ever recorded and over 50,000,000 pounds more than the yield of 1896. The United States now produce 60 per cent of the copper supply of the world and exports nearly half of its product. Petroleum was fifth in value among our mineral products, amounting to \$41,801,962. Silver ranked sixth, its commercial value having been \$33,755,815. Building stone approximated \$30,600,000 in value, while clay products of all classes aggregated a value of \$20,000,000.
